

## **1. Be All, End All**

Yes, no, yes, no  
Not, another word  
You'll know what to do  
Right!  
In your face they see it  
In their face you...  
Take it  
Make up their minds  
Aggression turns the screws  
Fight!  
Take your piece and hold it  
Make your piece and...  
Stand up, you know what it means  
Wake up, time to live your dreams

Down by,  
Law and they can't hold you  
Dictate and control you  
Hold onto your ideas  
Down by,  
Law and no one owns you  
And all the shit they've thrown you  
Pay back is a real bitch

Nothing's ever easy when you do it yourself  
All you can do is try  
Life's not unfair, life's just life  
Death not suicide

Be all, and you'll be the end all  
Life can be a real ball  
State of mind  
Euphoria

Think,  
On your feet, and stay one step ahead  
Break  
Take your brain and use it  
Take their mind and...  
Change,  
An attitude, like you'd change your shorts  
Right!  
In your face they see it  
In their face you...  
Stand up, you know what it means  
Wake up, time to live your dreams

Down by,  
Law and they can't hold you  
Dictate and control you  
Hold onto your ideas

Down by,  
Law and no one owns you  
And all the shit they've thrown you  
Pay back is a real bitch

Nothing's ever easy when you do it yourself  
All you can do is try  
Life's not unfair, life's just life  
Death not suicide

Be all, and you'll be the end all  
Life can be a real ball  
State of mind  
Euphoria

Always taking, always faking  
Ignorance is so frustrating  
Always taking, always faking  
Ignorance is,  
No way, no way, no way, no way out!

[CHORUS]

## **2. Out Of Sight, Out Of Mind**

You've got nothing to say  
We can't hear you anyway  
Your unconscious, wake up  
Smell the coffee, catch the next bus  
You don't hear it, not there  
Haven't seen it anywhere  
Ignorance is bliss  
Before you did we exist

Don't even think about anything  
Don't even think about anything  
Tell me something I don't know  
How'd you get this job you own  
I think that...

All you need is a, all you need is a,  
All you need is a, all you need is a face!

Out of sight, out of mind  
It was yours but now it's mine  
Take a riff, take a line  
Out of sight, out of mind  
Don't even think about anything  
Out of sight, out of mind  
You can't see but you're not blind

What's your purpose, in life  
What the hell gives you the right to  
Take what's been done, before  
Change the name and make it yours, Oh  
Yes you made your statement  
Do you have to be so blatant  
Your so conscious, image  
With a gun you'd do no damage

Don't even think about anything  
Don't even think about anything  
Tell me something I don't know  
How'd you get this job you own  
I think that...

All you need is a, all you need is a,  
All you need is a, all you need is a face!

Out of sight, out of mind  
It was yours but now it's mine  
Take a riff, take a line  
Out of sight, out of mind  
Don't even think about anything  
Out of sight, out of mind  
You can't see but you're not blind

Stupid, dumb, idiot, moron, you really make  
me sick

Take your head out from up your ass  
Right here, right now but it won't last  
No it won't

Out of sight, out of mind  
It was yours but now it's mine  
Take a riff, take a line  
Out of sight, out of mind  
Stupid, dumb, idiot, moron  
Out of sight, out of mind  
You can't see but you're not blind

[CHORUS]

## **3. Make Me Laugh**

Spread the word  
Through me God is heard  
You're making me laugh  
Tell me your killin' joke  
Evangelist  
You're making me laugh  
Jesus saves  
But only after I've been paid  
You're making me laugh

Tell me your killin' joke  
Evangelist  
End your hoax

God says have a T.V. show  
God says baby do some blow  
God says taxes are a sin  
God says pour the money in  
Rape the poor, faith no more  
Faith for cash, make me laugh  
Faith no more, face the whore  
Rape your past, make me laugh

Never, never, ever sin  
Unless God says to stick it in  
You're making me laugh  
Tell me your killin' joke  
Evangelist  
The truth can choke  
Defrocked from your seat  
Don't shit where you eat  
You're making me laugh  
Tell me your killin' joke  
That God talks to you  
There's no hope

God says have a T.V. show  
God says baby do some blow  
God says taxes are a sin  
God says pour the money in  
Rape the poor, faith no more  
Faith for cash, make me laugh  
Faith no more, face the whore  
Rape your past, make me laugh

God says have a swimming pool  
God say keep the doghouse cool  
God says planes and boats and cars  
God says have an amusement park  
God says go and masturbate  
God says file taxes late  
God says paint your face all sick  
God says be a real prick  
God says have a T.V. show  
God says baby do some blow  
God says taxes are a sin  
God says pour the money in

[CHORUS]

#### 4. Antisocial

You're a train ride to no importance  
You're in love with hell existence  
Money is all that you desire  
Why don't you pack it in and retire  
It's common nature you can't fool me  
I'm just the money that you can't let free  
Rainy day genius clouds your mind  
Don't you realize the blind lead the blind

You're anti, you're antisocial

Oh mister time will you ever unwind  
Or just rebuild a new design  
Your claim to fame is law and order  
The rich get rich, the poor get poor  
You put a price tag on what you see  
This one's for you, that's for me  
If that's winning I'd rather lose  
Why don't you listen to my senseless views

You're anti, you're antisocial  
How do you feel?

You're a train ride to no importance  
You're in love with hell existence  
Money is all that you desire  
Why don't you pack it in and retire  
It's common nature you can't fool me  
I'm just the money that you can't let free

Rainy day genius clouds your mind  
Don't you realize the blind lead the blind

You're anti, you're antisocial

ANTISOCIAL.....

#### 5. Who Cares Wins

Close your eyes to the horror  
Close your eyes to the pain  
When you live in a box  
No one knows your name  
Living in the street  
Moms and kids with nothing to eat  
Welfare hotels  
Who says there's no place called hell

I can't see you  
I can't hear you  
You don't see me  
You couldn't be me  
Who cares wins

There but for the grace of god  
There but for the grace of god  
Who cares, who cares, who cares, who cares  
There but for the grace of god  
There but for the grace of god...  
Go you or I  
Open your eyes  
You don't see me  
You couldn't be me

Invisible could be my name  
Your excuses are so lame  
Real pleas fall on deaf ears  
Look away when I'm near  
Freezing cold in winter's heat  
Burning up can be a treat  
Blisters breaking on my feet  
At least I get a subway seat

I can't see you  
I can't hear you  
You don't see me  
You couldn't be me  
Who cares wins

There but for the grace of god  
There but for the grace of god  
Who cares, who cares, who cares, who cares  
There but for the grace of god  
There but for the grace of god...

Go you or I  
Open your eyes  
You don't see me  
You couldn't be me  
Who cares wins

Self help and preservation  
Not now I'm on vacation  
Priority is you  
And screw all those around you

Now's the time for you to share  
Indifference you have to care  
Deep inside you know it's true  
How do I get through to you  
Open your eyes to the horror  
Open your eyes to the pain  
When you live in a box  
No one knows your name

[CHORUS]

#### 6. Now It's Dark

In dreams I can rule your life  
With me nothing's ever right  
Sing for me up on a stage

Keep your mind trapped in a cage  
I'm your man I'm what you need  
Dance with me but never lead  
One deep breath will set me free  
Don't you fuckin' look at me  
You know that I am...

One fuckin' well dressed man!

Now it's dark, but I can see  
Don't you fuckin' look at me  
Now it's dark, your gonna be  
Exactly what I want to see  
Now it's dark, Mommy  
Don't you fuckin' look at me

A sensation  
Of elation  
Intoxication  
Now it's dark

A candy coated existence  
Underneath is decadence  
What was hidden you have found  
Made it your own battleground  
Pretty, pretty don't say please  
Don't you fuckin' look at me  
You know that I am...

One fuckin' well dressed man!

Now it's dark, but I can see  
Don't you fuckin' look at me  
Now it's dark, your gonna be  
Exactly what I want to see  
Now it's dark, Mommy  
Don't you fuckin' look at me

A sensation  
Of elation  
Intoxication  
Now it's dark

I'll send you a love letter  
Straight from the bottom of my heart  
You'll be fucked forever  
The candy coated clown's done his part

I'm your man I'm wath you need  
Dance with me but never lead  
One deep breath will set me free  
Don't you fuckin' look at me  
You know that I am...

One fuckin' well dressed man!

[CHORUS]

## 7. Schism

Don't look at me as a white man  
I'm just a man  
Don't look at me as a black man  
I'm just a man  
It takes a man to deal with ignorance  
Prove that you can  
Like having to climb a barbwire fence

Can ya tell me how it feels to be hated?  
Can ya tell me how it feels to be loved?  
Can you show me what it  
means to be respected?  
Or is the answer none of the above?

It's so easy to hate your brother  
It should be hard  
It's so easy to hate your friends  
Why ain't it hard?  
Love and hate come in the deck together  
Play your card  
Love or hate can rule your life forever

Can ya tell me how it feels to be hated?  
Can ya tell me how it feels to be loved?  
Can you show me what it  
means to be respected?  
Or is the answer none of the above?

Hating, fighting, lying, and I can't take...  
Bitching, screwing, crying, and I just hate...  
Taking, cheating, spying, and I can't take...  
Hating, fighting, dissing, fighting, fighting,  
Fighting...  
And I can't take no...  
SCHISM!  
Schism, SK, SK, SK, SCHISM

A house divided can't stand  
Prejudice is un-natural thought  
When we were kids  
It's not inherited, it's taught  
When we were kids  
If we were blind and had no choice  
Differences hid  
Would we hate each other by the  
tone of our voice?

Can ya tell me how it feels to be hated?  
Can ya tell me how it feels to be loved?  
Can you show me what it  
means to be respected?  
Or is the answer none of the above?

Hating, fighting, lying, and I can't take...  
Bitching, screwing, crying, and I just hate...  
Taking, cheating, spying, and I can't take...  
Hating, fighting, dissing, fighting, fighting,  
Fighting...  
And I can't take no...  
SCHISM!

## 8. Misery Loves Company

I can hear you, I can hear you, lying  
I can see you, I can see you, faking  
I don't think you're, I don't think  
you're, working  
I want you to,  
I want you to, I want you to...

Write for me, and only me  
A really extra special story  
Make it mine, every line  
Don't make me sorry  
It's what I want, It's what I want  
And I'll tell you what  
You know me, and I can be  
A very, very vicious critic  
Another fans appreciation  
A do-be, don't-be situation  
Drag me down into your hatred

Misery loves company  
I'm your number one fan  
Misery loves company  
Misery  
Misery loves company  
I'm your number one fan  
Misery loves company

Listen to me, listen to me you fool  
Body and soul, body and soul, you're mine  
I want you to,  
I want you to, I want you to...

Write for me, and only me  
A really extra special story  
Make it mine, every line  
Don't make me sorry

It's what I want, It's what I want  
And I'll tell you what  
You know me, and I'll show you  
How to keep your filthy mouth shut  
Another fans appreciation  
A do-be, don't-be situation  
Drag me down into your hatred

Misery loves company  
I'm your number one fan  
Misery loves company  
Misery  
Misery loves company  
I'm your number one fan  
Misery loves company  
Die with me

Take, take, take, take, another  
pound of my flesh  
I'm givin' blood  
You, you, you, you, should only have the best  
I'm givin' blood

What the hell is, what the hell is happening?  
I'm the one that made you into the king  
Don't turn your back on, turn your back on,  
my help  
I'll kill you, I'll kill you, I will  
I'll kill you, I'll kill you, I'll kill...

Write for me, and only me  
A really extra special story  
Make it mine, every line  
Don't make me sorry  
It's what I want, It's what I want  
And I'll tell you what  
You know me, and I can be  
A very, very vicious critic  
Another fans appreciation  
A do-be, don't-be situation  
Drag me down into your hatred

## 9. Finale

Life can be so wonderful  
Real love this time you fool  
And then you wake up  
And you'd chew off your own arm  
Or face the only graduate from Satans school of charm!  
I hear your mama callin' you  
I hear your mama callin' you  
You'd better stand and face the truth boy  
I hear your mama callin' you

I drink three six packs, just so I can look at your face  
Finally!  
You give respect, you get respect  
And you just don't know your place  
Finally!  
You never learn, you always burn  
Now I've got you off of my case  
Finally!  
I drank three six packs, just so I could look at your face  
Finally!  
See ya!  
Over, finished, gone, done, out!

She's not the one you married  
Not the one who cared  
Maybe it's her evil twin thats got you by the shorthairs  
Can you live without it?  
Can you be a man?  
Can you tell her take a walk and stick it up her can!

I hear your mama callin' you  
I hear your mama callin' you  
You'd better stand and face the truth boy  
I hear your mama callin' you

I drink three six packs, just so I can look at your face  
Finally!  
You give respect, you get respect  
And you just don't know your place  
Finally!  
You never learn, you always burn  
Now I've got you off of my case  
Finally!  
I drank three six packs, just so I could look at your face  
Finally!  
See ya!  
Over, finished, gone, done, out!

I hear your mama callin' you  
I hear your mama callin' you  
Now go and pack your bags we're through  
I hear your mama callin' you

Rape my mind led down the wrong path  
One too many rides and you crashed  
Had the looks but had no class  
Steal my life and taint my past  
Sorry I don't mean to laugh (take it Sam)

How long have you been waiting to be set free?  
Don't you know it's easy as 1, 2, 3  
Don't be a faggot now that's the key  
Don't you know it's easy as 1, 2, 3

Now I'm free, now I'm free, me me me, finally!!!

Over, finished, gone, done, out!!!!
