1. Intro

[Instrumental]

2. Her Voice Resides

Our time is ending, I feel it's only just begun
And I'm frustrated, I can't believe you're not the one
My ears are bleeding, her voice resides inside my head
And now I'm choking, release this noose around my neck!

Will I just fall to pieces?
Or am I all right?
To iron out my creases, you must lacerate me 'til they're gone

These are my final words to you
I know you're listening, can you hear me
The time has come to say goodbye
These are my final words, to you

The clock is ticking, my heart is bursting through my chest,
And now I'm crying, the tears are pouring off my face,
The chair is creaking,

Her voice resides inside my head,
And now it's over,
You put this noose around my neck

Will I just fall to pieces?
Or am I all right?
To iron out my creases, you must lacerate me 'til they're gone

These are my final words to you
I know you're listening, can you hear me
The time has come to say goodbye
These are my final words, to you

Heaven, where is my angel?
I need her now, holding me
Heaven, where is my angel?
I need her now, holding me tonight

Now!

Will I just fall to pieces?
Or am I all right?
To iron out my creases, you must lacerate me 'til they're gone

These are my final words to you
I know you're listening, can you hear me
The time has come to say goodbye
These are my final words, to you

3. 4 Words

Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull it out from my back,
Soon I'm the one that's on attack,
Can't wait to return the favour

Look at me now,
Look at me now,
Look at me now!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to envy
Four words to choke upon!

Look (look!) at... me... now!

Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull it out from my back,
Soon I'm the one that's on attack
Can't wait to return the favour

Look at me now,
Look at me now,
Look at me now!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to envy
Four words to choke upon!

Look! (Look!)
At, me... now!

[Guitar solo]

Too many times I've seen it,
Rip a hole into our friendship
Four words to choke upon!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to envy

Four words to choke upon!
Look! (Look!)
At, me... NOW!

4. Tears Don't Fall

Let's go!

With blood shot eyes, I watch you sleeping
The warmth I feel beside me is slowly fading
Would she hear me, if I called her name?
Would she hold me, if she knew my shame?

There's always something different going wrong
The path I walk is in the wrong direction
There's always someone fucking hanging on
Can anybody help me makes things better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscience calls, too guilty to come home

The moments died, I hear no screaming
The visions left inside me are slowly fading
Would she hear me, if I called her name?
Would she hold me, if she knew my shame?

There's always something different going wrong
The path I walk is in the wrong direction
There's always someone fucking hanging on
Can anybody help me makes things better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscience calls, too guilty to come home

This battered room I've seen before
The broken bones they heal no more, no more
With my last breath I'm choking

Will this ever end I'm hoping
My world is over one more time

Let's go!

Would she hear me, if I called her name?
Would she hold me, if she knew my shame?

There's always something different going wrong
The path I walk is in the wrong direction
There's always someone fucking hanging on
Can anybody help me makes things better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscience calls, too guilty to come

Back!

Your tears don't fall, they crash around me
Her conscience calls, too guilty to come home

5. Suffocating Under The Words Of Sorrow (What Can I Do)

The night has started, here we go
I've taken everything
This is our time to lose control
What do you want from me?

You line them up we'll put them down, this is so frustrating
To watch you sleazing all around, yet you keep on smiling

What can I do to make you see? (Look and see!)
What can I do to make you feel, you're wanted?
What can I do to make you see? (Look and see!)
I'm suffocating under words of sorrow

Her skin reflects behind the blur, I'm intoxicated
Where am I from? Why I am here? You're so predictable
Her fingers running through my hair, but it's all just fiction
She steps out from her underwear, so beautiful!

What can I do to make you see? (Look and see!)
What can I do to make you feel, you're wanted?
What can I do to make you see? (Look and see!)
I'm suffocating under words of sorrow

Go!

There's bodies lying on the floor, but I keep on staring
My world is over, close the door!

Her skin reflects behind the blur, I'm intoxicated
Where am I from? Why I am here? You're so predictable
Her fingers running through my hair, I've a new addiction
She steps out from her underwear, so beautiful!

What can I do to make you see? (Look and see!)
What can I do to make you feel, you're wanted?
What can I do to make you see? (Look and see!)
I'm suffocating under words of sorrow
Words of sorrow!

6. Hit The Floor

I see you walking home alone, your face is alive and bright
But you can't see how weak you are 'cause I could end it tonight
It's the feeling you get when you think that someone behind is watching you
Well I can tell you now, that someone is me and I'm about to make it right

Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd hit the floor
Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd HIT, THE, FLOOR!

I creep up from behind, touch your neck, move down your spine
You take a look and breathe so sharp
Just a matter of time
Don't scream I ask of you, but then you let one out and now it's time to go

I come down on you like a ton of brick
All over so it's time to go

Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd hit the floor
Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd hit the floor
HIT, THE, FLOOR!

Whoa-oah!
Whoa-oah!
Whoa-oah!

Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd hit the floor
Why do you take it all?
Why do I beg for more?
I never thought that this is how I'd hit the floor
HIT, THE, FLOOR!

Take this for me, I don't wanna hurt you
Take this for me, I don't WANNA HURT YOU!

7. All These Things I Hate (Revolve Around Me)

Once more I say goodbye, to you
Things happen but we don't really know why
If it's supposed to be like this, why do most of us ignore the chance to miss?

Oh yeah...

Torn apart at the seams and my dreams turn to tears, I'm not feeling this situation
Run away try to find a safe place you can hide
It's the best place to be when you're feeling like..

Me...(me!)
Yeah...(yeah!)
All these things I hate revolve around
Me...(me!)
Yeah...(yeah!)
Just back off before I snap

Once more you tell those lies, to me
Why can't you just be straight up with honesty?
When you say those things in my ear, why do you always tell me what you wanna hear?

Oh yeah...

Wear your heart on your sleeve, make things hard to believe, I'm not feeling this situation
Run away try to find a safe place you can hide
It's the best place to be when you're feeling like..

Me...(me!)
Yeah...(yeah!)
All these things I hate revolve around
Me...(me!)
Yeah...(yeah!)
Just back off before I snap and you'll see...(see!)
Me...(me!)
All these things I hate revolve around

Me...(me!)
Yeah...(yeah!)
Just back off before I snap...

Torn apart at the seams and my dreams turn to tears, I'm not feeling this situation
Run away try to find a safe place you can hide
It's the best place to be when you're feeling like me...

It's the best place to be when you're
Me...(me!)
Yeah...(yeah!)
All these things I hate revolve around
Me...(me!)
Yeah...(yeah!)
Just back off before I snap and you'll see...(see!)

Me...(me!)
All these things I hate revolve around
Me...(me!)
Yeah...(yeah)
Just back off before I snap...

8. Room 409

Yeah!

I can't believe what I've seen, so scratch my eyes out!
You, were at ease, on your knees, in his apartment!
You said his name, as I came, in your direction!
Now, I can choose, what to do, with both of you

I loved you! (I need you...)
You hurt me! (I loved you...)
I loved you,
You, hurt, me, bad!
GO!

Your words, bury me, of what I used to be
I can't erase all those things I've seen
Your heart, smothers me, now it's hard to breathe
I can't erase all my memories

I, take a step, to the left, now you see me!
Tears, start to pour, as you crawl, in his apartment!
You, screamed his name, as I came, in your direction!
Fists, start to fly, say goodbye, there's no excuses!

I loved you! (I need you...)
You hurt me! (I loved you...)
I loved you,
You, hurt, me, bad!
GO!

Your words, bury me, of what I used to be
I can't erase all those things I've seen
Your heart, smothers me, now it's hard to breathe
I can't erase all my memories
OH!

Wha-oh-ah-oh!
Wha-oh-ah-oh!
Wha-oh-ah-oh!
Wha-oh-ah-oh!

Get up!
(Hey!) There's no excuses!
(Hey!)
(Hey!) There's no excuses!
(Hey!)

I loved you! (I need you...)
You hurt me! (I loved you...)
I loved you,
You, hurt, me, bad!
GO!

Your words, bury me, of what I used to be
I can't erase all those things I've seen
Your heart, smothers me, now it's hard to breathe
I can't erase all my memories
Erase all my memories of you!

9. The Poison

Now, is your time to die
We've gathered here to say goodbye
No, more, you'll cry
No reason left for you to fight

Feel, pain, no more
Emotions never felt before
Where, do, we go
We go, she'll never know

Holding on to you, to keep from falling
Your eyes are closing now
Another chapter's ending

Hard, times, we always saw
There's nothing left of you no more

Fear, has, no place, no place
Cover her face

Holding on to you, to keep from falling
Your eyes are closing now
Another chapter's ending

This is our last goodbye (goodbye!)
This is our time tonight

Holding on to you!

Cover up her face!

Holding on to you... To keep from falling!

Holding on to you, to keep from falling
Your eyes are closing now
Another chapter's ending

This is our last goodbye (goodbye!)
This is our time tonight (goodbye!)

This is our last goodbye!

10. 10 Years Today

Ten years ago, I got a call that nearly killed me
Repeat yourself, my hands are shaking
When I was told, my friend was gone I felt so guilty
A thousand questions left unanswered

I'll bleed if you want me to!
I'll serenade before I do
I'll bleed if you want me, to!

On and on although you're gone, candles burn without a flame on
Our final call to you, I know you're listening
How could you leave us that way?
Where did you go? (ten years today!)

Ten years ago, I stood beside the wood that held you
I must sit down, my legs are shaking
We let you go, with gifts of plectrums for your journey
And melodies to help you on your way

I'll bleed if you want me to!
I'll serenade before I do
I'll bleed if you want me, to!

On and on although you're gone, candles burn without a flame on
Our final call to you, I know you're listening
How could you leave us that way?
Where did you go? (ten years today!)

Wh-oh-ah!
Wh-oh-ah!
Wh-oh-ah!

I'll bleed, if you want me to (I'll bleed if you want me to!)
I'll bleed if you want me, to!

On and on although you're gone, candles burn without a flame on
Our final call to you, I know you're listening
How could you leave us that way?
Where did you go? (ten years today!)
Where did you go? (ten years today!)
Where did you go?

How could you leave us that way?
Where did you go? (ten years today!)

11. Cries In Vain

Lord you know I've cried a thousand tears night,
But nothing seems to quench the thirst you keep on craving,
But now I need an answer to my prayers and your not there,
So why think you listen? Listen!

Has no one told you!, your cries are all in vain,
And everyone keeps trying to take that all away,
Has no one told you!, Your cries are all in vain,
Your Cries!

Lord, I can't disguise the look inside my eyes,
The more I try to look away the more I'm staring,
But now I need an answer to my prayers and your not there,
So why think you listen? Listen!

Has no one told you, your cries are all in vain,
And everyone keeps trying to take that all away,
Has no one told you, your cries are all in vain,
Your cries.

Your cries in vain [x4]

I look away!

Has no one told you, your cries are all in vain,
And everyone keeps trying to take that all away,
Has no one told you, your cries are all in vain,
Your cries.

Has nobody told you when you look away
The stories they told you still run through your veins,
Has nobody told you when you look away
The stories they told you still run through your,
Run through your veins!

12. Spit You Out

I am what I am, so I...
Spit you out!

Do I, cut the ties? or do I, hold on tight?!

Time has come for me to realize
All those things I loved I now despise

But it's, my life!
(I'm taking back what's mine!)
It's, our, time!
(To rise above!)
It's, my, life!
(I'm taking back what's mine!)
It's, our, time!

Your pictures on my wall
With this around me I don't feel it's over
I've never felt this way before
With you around me I don't feel it's over

I am what I am, so I...
Spit you out!
Can you justify how I...

Time has come for me to realize
All those things I loved I now despise

But it's, my life!
(I'm taking back what's mine!)
It's, our, time!
(To rise above!)
It's, my, life!
(I'm taking back what's mine!)
It's, our, time!

Your pictures on my wall
With this around me I don't feel it's over
I've never felt this way before
With you around me I don't feel it's over now!

The end!

I know you're faking!
You try to get me back!
I know you're faking it!

The end!

(..feel it's over..)
(..feel it's over..)

(Bullet for my Valentine! *crowd cheering*)

(How ya doin' everyone?! *crowd cheers again*)

But it's, my life!
(I'm taking back what's mine!)
It's, our, time!
(To rise above!)
It's, my, life!
(I'm taking back what's mine!)
It's, our, time!
To rise above!

13. The End

Your hair reminds me of a time when were we once were
Your fingernails that marked my back now rot in earth
The sheets we slept in blew away, and now the storm is over
The taste of you inside my mouth remains, but still I'm hearing

There's no love, everybody's crying
There's no truth, everyone's misguided

And now the end is here!
There's no more pills to swallow
The bitter taste I feel, won't lead me to tomorrow

Your scent reminds me of a place we used to go
The kisses placed upon my neck show signs of, no return!
The bed we fucked in, smells the same, and now the the stench is fading
The taste of you inside my mouth remains but still I'm hearing

There's no love, everybody's crying
There's no truth, everyone's misguided

And now the end is here!
There's no more pills, to swallow!
The bitter taste I feel, won't lead me to, tomorrow!

Cries for anger,
Lies for power
Fighting for nothing, is what you were born for
Cries for anger,
Lies for power
Fighting for nothing, is what you were born for

AHH!

YAAH!

Cries for anger,
Lies for power
Fighting for nothing, is what you were born for
Cries for anger,
Lies for power
Fighting for nothing, is what you were born, for!

14. Seven Days

Penetration won't shoot for nothing!
Why is it you can't say your truth is working!

You've had it all Give unto you
You never had to work at all before
I never meant it, I never felt it
I've never taken back a single word I said
More than I've ever taken back at all!
I never meant it
I've never took back a single word I said

Wouldn't! You want it, Why don't you crave it?!
Sanitation Inconstitutional! Nothing Better

I never meant it, I never felt it, I never Taken back a single word I said
More than I've ever taken back at all!
I never meant it
I never taken back a single word I said

15. My Fist, Your Mouth, Her Scars

Bleed, when you thought you knew
Do you hear me shout?!
Bleeding through my ribbon on my eyes
To come home
What I'm thinking now
When I take you out
We can always start to havoc death 'til it comes.
These rebel ways to show you
I want to fuck you now.
We live we are to make you
In turn we know you're going down.
But now it's over
I'm calmer like crimson.
Throwing down like water,
I saw her when she hit the ground.
Now it's over,
I'm calmer like crimson.
Throwing down like water,
I saw her when she hit the ground.
Proof, when they tear you up
When they start to fuck
When they start to piss down on my scars
To come home
What I'm thinking now
When I stumble down
We can never say that you are gone 'til it comes.
These rebel ways to show you
I just can't take no more.
The thought of me inside you
Just makes me sick you're going down.
But now it's over
I'm calmer like crimson.
Throwing down like water,
I saw her when she hit the ground.
Hate, when you thought you knew
Do you hear me shout!?
Bleeding through my ribbon on my eyes
To come home
What I'm thinking now
When I take you out
We can always start to havoc death 'til it comes
These rebel ways to show you
I just can't take no more
The thought of me inside you
Just makes me sick you're going down.
These rebel ways to show you
I wanna fuck you now.
We live we are to make you
In turn we know you're going down!

[album's extended version bonus track]

With blood shot eyes, I watch you sleeping

Would she hold me, if she knew my shame?

There's always something different going wrong
The path I walk its in the wrong direction
There's always someone fucking hanging on
Can anybody help me make things better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home

Would she hold me, if she knew my shame?

There's always something different going wrong
The path I walk is in the wrong direction
There's always someone fucking hanging on
Can anybody help me make it better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home

Would she hear me, if I calls her name?
Would she hold me, if she knew my shame?

There's always something different going on
The path I walk is in the wrong direction
There's always someone fucking hanging on
Can anybody help me makes things better?

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscious calls, too guilty

Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home
Your tears don't fall, they crash around me
Her conscious calls, too guilty to come home

Your tears don't fall...
