

1. Stand Up And Shout

It's the same old song you gotta be somewhere at sometime and they never let you fly
 It's like broken glass you get cut before you see it so open up your eyes
 You've got desire so let it out you've got the power stand up and shout
 shout shout stand up and shout
 You got wings of steel but they never really move you you only seem to crawl
 You've been nailed to the wheel but never really turning you know
 you've got to want it all
 You've got desire so let it out you've got the power stand up and shout
 shout stand up and shout let it out
 You are the strongest chain and not just some reflection so never hide again
 You are the driver you own the road you are the fire go on explode
 You've got desire so let it out you've got the power stand up and shout
 shout
 Stand up and shout let it out stand up and shout

2. Holy Diver

 Holy diver you've been down too long in the midnight sea oh what's becoming of me
 Ride the tiger you can see his stripes but you know he's clean oh don't you see what I mean
 Gotta get away holy diver yeah
 Got shiny diamonds like the eyes of a cat in the black and blue
 something is coming for you look out
 Race for the morning you can hide in the sun 'till you see the light oh we will pray it's all right
 Gotta get away get away
 Between the velvet lies there's a truth that's hard as steel yeah
 The vision never dies life's a never ending wheel say
 Holy diver you're the star of the masquerade no need to look so afraid

 Jump on the tiger you can feel his heart but you know he's mean some light can never be seen yeah
 Holy diver you've been down too long in the midnight sea oh what's becoming of me no no

3. Gypsy

Yeah gypsy she was straight from hell but you never could tell 'cause you were blinded by her light
 She could crack your brain with magic pain and turn a paler shade of white
 Well I was on the free just me and me and just about to sail
 When I heard the voice said you got a choice the hammer or the nail
 You'll be ridin' you'll be ridin' on the gypsy on the gypsy
 Well I rolled the bones to see who'd own my mind and what's within
 And it's a given rule that we're all fools but need to have a little sin huh
 So I'm ridin' well I'm ridin' on the gypsy on the gypsy queen
 Well she was straight from hell but you never could tell 'cause you were blinded by her light
 So she cracked my brain with magic pain and turned my left around to right
 right
 So I'm ridin' I'm still ridin' yes I'm ridin' on the gypsy on the gypsy queen
 She's mean ridin' on the gypsy yeah yeah yeah yeah

4. Caught In The Middle

Looking inside of yourself you might see someone you don't know ooh ooh
 Maybe it's just what you need letting the river in you flow
 You can sail away to the sun and let it burn you while it can
 Or walk a long bloody road like the hero who never ran
 You'll feel it you'll feel it you'll feel the rush of it all yeah oh ooh oh oh oh
 oh
 Flying away int the clouds you know you're losing your control ooh
 And finding your way in the dark like some poor forgotten soul
 You'll feel it you'll see it you'll feel the rush of the city lights
 You'll feel it I see it in your eyes you're caught in the middle

Just like the way you've always been caught in the middle helpless again
 Yeah looking inside of yourself you might see someone you don't know
 no
 Maybe it's just what you need letting the river I know that's in you flow oh
 ooh oh
 You can feel it you can see it you'll know the rush you're gonna get
 You'll feel it I see it in your eyes you're caught in the middle
 Just like the way you've always been caught in the middle helpless again
 Oh oh oh oh oh ooh oh like the rush of a thunder that brings you
 under
 There's some kind of spark you're caught right there in the middle
 You're caught in the middle caught in the middle again all night long
 yeah hmm hmm hmm
 You've been caught in the middle

5. Don't Talk To Strangers

Don't talk to strangers hmm hmm hmm hmm hmm hmm hmm hmm hmm hmm
 Don't talk to strangers 'cause they're only there to do you harm
 Don't write in starlight 'cause the words may come out real
 Don't hide in doorways you may find the key that opens up your soul
 Don't go to heaven 'cause it's really only hell
 Don't smell the flowers they're an evil drug to make you loose your mind
 Don't dream of women 'cause they'll only bring you down
 Hey you you know me you've touched I'm real
 I'm forever the one that lets you look and see and feel me I'm danger I'm
 the stranger
 And I'm darkness I'm anger I'm pain
 I I'm master the evil song you sing inside your brain drive you insane
 Don't talk don't let them inside your mind yeah run away run away go
 No no don't let them in your mind or catch your soul
 Don't dance in darkness you may stumble there and you're sure to fall
 Don't write in starlight 'cause the words may come out real
 Don't talk to strangers 'cause they're only there to make you sad
 Don't dream of women 'cause they'll only bring you down yeah
 Run run run run away

6. Straight Through The Heart

Hanging from the cobwebs in your mind it looks like a long long way to fall
 No one ever told me life was kind I guess I never heard it I never heard it
 all
 Living in a world of make believe I can hide behind what's real
 But wearing your emotions on your sleeve and they all know what you
 feel
 And here it comes again straight through the heart straight through the
 heart
 Oh never tell a secret with your eyes it's the eyes that let you down
 Tell a little truth with many lies it's the only way I've found
 Oh here it comes again straight through the heart straight through the
 heart
 Shout to the wind how can you hurt me this way
 Oh once it begins it looks like it's coming to stay
 Hanging from the cobwebs in your mind it looks like a long long way to
 fall
 No one ever told me life was kind I guess I never heard it never heard it
 all no
 And here it comes again straight through the heart straight through the
 heart straight through the heart
 Here it comes again straight through the heart in the middle of the heart
 Now don't stand still they'll get you right through your heart
 And here it comes here it comes again straight through the heart

7. Invisible

If your circle stays unbroken then you're a lucky man 'cause it never
 never never has for me
 In the palace of the virgin lies the chalice of the soul and it's likely you
 might find the answer there
 She had thirteen years of teenage tears and never a helping hand
 She had fourteen more of rain before she saw the sight of land
 She was a photograph just ripped in half a smile inside a frown
 And then the light the answer right inside her coming down
 She said I can go away I can leave here I can be invisible I'll go away
 He was just eighteen and in between a lady and a man
 His daddy's girl in momma's world and that was when he ran
 You know the word confused has been abused but that's just what he
 was
 And then the spark inside the dark the answer came because it said
 You can go away you can leave here you can be be invisible
 Well I grew up quick and I felt the kick of life upon a stage

So I bought the book and took a fast look at just the very last page
It was a single word that I'd just heard from the two that came before
The only way to really stay is to walk right out the door
So you can go away I'm gonna leave here I can be invisible and go
away again
I can go away when I leave here I can be invisible
I said when I've gone away lord you know it's right to leave here
So I just became invisible I went away, disappear before your eyes.
You never touch me you never feel me you'll never see me again
because I've just become unseen
Well I'm a photograph that's been torn in half and the only teen never in
between
We need a helping hand to the holy land to be invisible to go away

8. Rainbow In The Dark

When there's lightning you know it always bring me down
'cause it's free and I see that it's me who's lost and never found
I cry out for magic I feel it dancing in the light
It was cruel lost my hold to the shadows of the night
No sign of the morning coming you've been left on your own
Like a rainbow in the dark a rainbow in the dark
Do your demons do they ever let you go
When you've tried do they hide deep inside is it someone that you know
You're just a picture you're an image caught in time
We're a lie you and I we're words without a rhyme
There's no sign of the morning coming you've been left on your own
Like a rainbow in the dark just a rainbow in the dark yeah
When there's lightning you know it always brings me down
'cause it's free and I see that it's me who's lost and never found
Feel the magic fell it floating in the air
But it's fear and you'll hear it calling you beware look out
There's no sign of the morning coming there's no sign of the day
You've been left on your own like a rainbow like a rainbow in the dark
Yeah yeah you're a rainbow in the dark just a rainbow in the dark
No sign of the morning you're a rainbow in the dark whoa oh oh

9. Shame On The Night

Shame on the night for places I've been and what I've seen for giving
me the strangest dreams
But you never let me know just what they mean so oh oh so shame on
the night alright
And shame on you you've stolen the day snatched it away but I saw the
sky and I never want to die
Now you know the reason why I say oh shame on the night
You don't care what you've done so I think I'd better run
Shame on the sun for the light you sold I've lost my hold on the magic
flame but now I know your name
Oh lord just go the way you came again oh oh oh shame on the night
You don't care what you've done so I know I'd better run
Shame on the night for places I've been and what I've seen for giving
me the strangest dreams
You never never never know just what they mean oh shame on the night
You don't care what you've done here I go I've got to run
Shame on the night shame shame on you
Shame on the dream shame on the sun and you shame on the night
Well I've lost my hold on the magic flame but now I know your name
Shame on the night shame on you shame on all of you shame on the
