## 1. The King Of Rock And Roll

He's the king of rock and roll yeah all right yeah  
Right hot night summer in the city just about to smoke and burn  
Look out he's evil but he's pretty and oh he's gonna twist and turn  
He's got the midnight madness he's got control he's the king of rock and roll  
Bad blood everybody knows it but everybody doesn't care no  
He's got the only way to show it they want to see it everywhere  
He's got to give you fever he'll scratch your soul  
He's the king of rock and roll the king of rock and roll  
Bad boy always on the cover gettin' the story told  
Fast fast one way or another 'cause he'll never never never never never get old  
He makes a special magic and you've got control you are the king of rock and roll  
He's got the midnight madness he's got a soul  
'cause he's the king of rock and roll king of rock and roll  
Rock and roll rock and roll rock and roll the king of rock and roll yeah

## 2. Sacred Heart

Hey the old ones speak of winter the young ones praise the sun and time just slips away  
Oh running into nowhere turning like a wheel and a year becomes a day  
Whenever we dream that's when we fly so here is a dream for just you and I  
We'll find the sacred heart somewhere bleeding in the night yeah  
Look for the light and find the sacred heart  
Oh here we see the wizard staring through the glass and he's pointing right at you  
Now you can see tomorrow the answer and the lie and the things you've got to do yeah  
Oh sometimes you never fall and ah you're the lucky one  
But oh sometimes you want it all you've got to reach for the sun  
And find the sacred heart somewhere bleeding in the night oh look to the light  
Well you fight to kill the dragon and bargain with the beast and sail into a sight  
You run along the rainbow and never leave the ground and still you don't know why  
Whenever you dream you're holding the key it opens the door to let you be free yeah  
And find the sacred heart somewhere bleeding in the night yeah  
Run for the light and you'll find the sacred heart  
A shout comes from the wizard the sky begins to crack and he's looking right at you quick  
Run along the rainbow before it turns to black attack  
And oh sometimes you never fall and ah you're the lucky one  
Oh sometimes you need it all you've got to reach for the sun  
And find the sacred heart yeah bleeding in the night yeah yeah  
We'll find the sacred heart

## 3. Another Lie

She's a rumor in the night it's crazy you can see her but she isn't there  
She's the stealer of the light it's crazy but you go anywhere  
It was just a summer night maybe when a shiver cut across the air  
Should you run and get away maybe to go where where where  
She crouches the hunter ready to tell you another lie another lie  
You could see the side of someday feel the power of the young and strong  
You were learning how to fly someday you were wrong wrong wrong  
She jumped at the moment a chance to tell you another lie another lie another lie  
It was just a summer night maybe when a shiver cut across the air  
Should you run and get away maybe to go where where where  
She jumps at the moment she crouches the hunter yeah  
You look and you know she's telling you another lie another lie another lie  
Why it's crazy when you feel you're getting stronger another lie  
Why it's crazy all the lies are getting longer another lie  
Who oh yeah another lie another lie

## 4. Rock'n'Roll Children

It was starting to rain on the night that they first decided  
It was blinding with snow on the night that they ran away  
They were found in the dark but they never returned just like somebody slammed the door bang yeah  
She was meant to be wild he was nearly a child but they only could feel each other  
They were paper and fire angel and liar the devil of one another

Then they were thrown to the ground with a terrible sound just like somebody broke a heart  
Rock'n'roll children alone again rock'n'roll children without a friend but they got rock'n'roll  
It was starting to rain on the night that they cried forever  
Oh it was blinding with snow on the night that they screamed goodbye  
They were lost in the dark and they never returned just like somebody slammed the door  
Ah rock'n'roll children alone again rock'n'roll children without a friend  
Poor rock'n'roll children caught up in the spinning wheel poor rock'n'roll children alone again  
It was starting to rain on the night that they ran it was blinding with snow on the night we let them go  
Poor rock'n'roll children oh oh children rock'n'roll children children of the night  
Poor rock'n'roll children poor children lost poor souls rock'n'roll children oh ho oh ho oh ho  
Rock'n'roll children rock and roll

## 5. Hungry For Heaven

You're a dancer but you're dancing on air just a matter of time till you fall  
You're a dreamer one night at the fair but still you want it all  
You're in danger the last of a line but the vision lasts forever  
So just hold on you can make it happen for you reach for the stars and you will fly  
You're hungry for heaven hungry for heaven hungry for heaven  
But you need a little hell oh oh oh ooh oh  
You're a runner but you're chasing yourself feel the hot breath on your shoulder  
You're emotion running cold running warm the young just getting older  
We are sunlight we can sparkle and shine and our dreams are what we're made of  
Oh just hold on you can make it happen for you reach for the stars and you will fly

## 6. Like The Beat Of A Heart

Tonight we run we can hide in the dark when the moon steals the light from the dying sun  
Oh run it's a better thing than we have ever done  
There's a beast that lives inside you and it's screaming to get out  
Like the beat of a heart like the beat of a heart  
Don't look behind 'cause a tear that never dies can only make you blind  
You've got to try 'cause the future's never never gonna die  
There's a beast that lives inside you and it's screaming to get out  
It's a storm that's never ending it's a truth without a doubt yeah eh  
Tonight we run we can hide in the dark 'till the moon steals the light from the sun  
There's a beast that lives inside you and it's screaming let me out  
It's a storm that's never ending it's a truth without a doubt  
Now love can be a whisper but pain will always shout to you  
Like the beat of a heart like the beat of a heart  
Like the beat of a heart like the beat of a heart whoa beat your heart

## 7. Just Another Day

You never sing for pleasure you only make the sounds  
You never feel the magic 'cause you think the world is round  
And you never dance in moonlight you run but you never move  
You don't believe in someday and the truth is what you prove  
But it's alright well it's all right just another day  
Too many chains around you you laugh but you never smile  
You don't belong in heaven but you're here all the while  
And it's alright well it's all right just another day another day another day  
Another day to let you down another way that they have found  
Yes another day another way another way another day  
You never sing for pleasure you only make the sounds  
You never feel the magic 'cause you think the world is spinning round for you

But it's alright yes it's all right well it's alright just another day

## 8. Fallen Angels

Screaming out alone in the night just a time and place but it's real all right  
We are diamonds that shine without fire we're climbing the stairs  
Going down and never higher we're fallen angels  
Something came to me in a dream the crack of a gun and a bloody  
scream  
The I could see the faces and why I was holding the gun and the world  
began to die  
For fallen angels falling down fallen angels come gather round yey  
It's a criminal world and we all get to play you're a criminal  
Sins of the children never get washed away  
We're fallen angels goin' down oh we are fallen angels gather round  
Screaming out alone in the night just a time and place but it's real all right  
We are diamonds that shine without fire we are climbing the stairs  
Going down and never higher we're fallen angels fallen angels fallen  
angels  
If something comes to you in a dream open your eyes and scream it out  
Remember that the evil will rule it's waiting outside bringin' pain for you  
fallen angels

## 9. Shoot Shoot

Yes you know the feeling all alone your back to the wall  
And all the doorways are starting to close in front of you  
Well there's no confusion oh no it came in a spell I found it in a wishing  
well whoa  
Now it's a matter of mind you know you can be free forever  
So the next time someone points a gun at you  
Say shoot shoot I don't care shoot shoot  
Hey someone if your chains are heavy for you  
Hey someone let it rain while I show you the way this could be your lucky  
day
